In the "Home Comfort" we have the best \$2.75 Gas Heating Stove in the city.

It is larker and wider than the usual \$2.75 Gas Stoves and is fitted with a nickeled footrail instead of the common tin plate found on all ordinary \$2.75 stoves.

This is a little beauty, and throws out a tremendous amount of heat for its size. If \$2.75 is the price you wish to pay for a gas stove you should most assuredly buy the "Home Comfort."

We have entered on the last month of the campaisn. Permit the underskned to remind you, each and all, that while many have generously responded in suprort of the democratic cause, there are multitudes who undoubtedly desire its triumph and would hall such triumph as a boon to all classes of the recopile, but who have as yet rendered no aid toward its accomplishment. It is believed that a little reflection will convince all such persons that a presidential campaign cannot be carried on without involving a legitimate and heavy burden of expense and that it is only just that this burden should be borne, not by a single class, but by all the friends and well-wishers of our cause.

Contributions will be received by the treasurer, J. Harrison Johns n, at the rooms of the advisory committee, No. 1213 F st. n. w., second floor, or remittances may be made to him by mail, if preferred, addressed to Lock Box '288.

Identity of Laborers Coming to the World's Fair.

The acting secretary of the treasury has advised the Department of State, in response to a communication covering an inquiry from the United States consul general at Berlin, that certificates of Imperial Commissioner Wermuth as to the identity of German laborers coming to this country as employes of exhibitors at the world's Columbian exposition will be sufficient to secure such employes admission at our ports. Similar evidence of identity as to such employes from other countries will be regarded as sufficient.

The Action for Salvage.

The prisoner is wanted in this city on a charge of forgery. He was here not many days ago and his departure was followed by an investigation by Detective Boyd, who traced thim as far west as Cincinnati. It is charged that while in this city he stopped at hotels under the names E. E. Rose and R. F. Brandon. Before leaving the city it is charged herepresented himself as a salesman for Sisson & Co. in Cincinnati and passed a forged check for \$48 on Williams & Marmaduke, ticket scalpers. The name of Henry Eberbach, dealer in musical instruments, was the forged signature. Rose, it is charged, gave the check in payment for a ticket to Cincinnati and received the change in cash. Detective Boyd was making arrangements to have the case taken before the grand jury when he heard of the arrest in St. Louis.

DISTRICT GOVERNMENT.

OLD MATERIAL THE DISTRICT'S PROPERTY.
Some days ago certain property owners on T street northwest, where a new sidewalk is being laid, combined in a letter to the Commissioners claiming that the old bricks being taken up belonged to them because, as they allege, they paid for the same several years ago. The assistant attorney for the District says that the claim is inadmissible. The material used for paving the street or making a sidewalk is part of the street or making a sidewalk is the property of the abutting lot owners on repaving the street it belongs to the District. It matters not, he says, that the property of the abutting lot owners on repaving the street it belongs to the District. It matters not, he says, that the property owners directly or indirectly paid for the material, as when it is once incorporated into the city. That no defense justified the defense jus

this country to take part in the campaign. Their names were mentioned among those of other diplomats who are absent from their posts.

It is said that Ministers Porter and Hirsch having resigned their missions cannot be placed in this category. Mr. Beale, who was recently in this country, has departed for his post. The State Department says that there are fewer leaves of absence this year than formerly.

DEMAND FOR SMALL BILLS.

Not for Election Purposes, but Because of Active Fall Business.

It is said at the Treasury Department that the treasurer's office is shipping about \$200,000 per day in \$1 and \$2 bills to various cities throughout the country. The demand for them is unusually large. On November 1 there were issued \$4,000,000 in \$1 and \$2 notes outstanding, about \$4,000,000 more than last year.

There were also \$6,000,000 silver dollars outstanding.

It has been charged in the press that the unament of the press that the unament of the property owners arises not doubt from the fact that by the act of audit and he settlement of the classes of claims it was empowered to examine and allow.

BUILDING PERMITS.

Building permits were issued today to the following: J. F. Butler, one frame dwelling on Pierce street, in Garfield, county; cost, \$300.

W. A. Henderson, one brick dwelling at \$614 Gen. and Mrs. Smyth waited in the court room until the spectators had dispersed. In the meantime they held a whispered consultation with their friends. The verdict arrangement with which the court immediately suppressed. The the death at the old material taken from a first with a verdict awarding bring the when it is becomes public property owners arises no doubt from the fact that by the act of June 20, 1874, Congress authorized the board of public works, but that law was provisional and ceased with the court room only long enough to shake hands with Mr. Leader Almond the which are delined to the street when he and entered a cab.

Building permits were issued today to the following: J. F. Butler, one frame dwelling at 614

command of the Norcross, had his wife with him and both were saved.

How the fire originated is not known. When it was discovered it had gained considerable headway and every effort to prevent it from spreading to the petroleum was in vain. As soon as the petroleum caught an explosion followed, and a bright flame shot up into the air, where the dense smoke almost hid the bark from those on shore. The crew rushed to the side and leaped into the river. The captain's wife was saved chiefly by her husband's exertions. Five others were also saved. The remains of three, horribly burned, were found in the river and seven others are missing, and it is the river and seven others are missing, and it is thought they have gone to the bottom. Several of the survivors were injured by the burning petroleum, which floated on the water in a fiery state some distance about the vessel, mak-ing approach to the wreck dangerous.

A letter was received this morning by A letter was received this morning by a prominent democrat here from a leading business man in Louisville, Ky., who is also a democrat, in which the hope is expressed that the democratic managers have a better foundation for their claims in New York than they have for the claims they make as to Indiana.

The writer says that he has just returned from a business tour through Indiana; that he is interested in democratic success, and was careful to study the situation, and the information he got was very discouraging to him. He says that he thinks there is no reason to doubt says that he thinks there is no reason to doubt that Harrison will carry the state.
